SUPPORTING ORGANISATIONS

Why Attend?

The 2019 Smart Cities Summit will provide the first all-inclusive opportunity in India to connect with, be introduced to, learn from, and become inspired by national and international leaders at the very forefront of what it takes to become a smart city or smart community.

Smart Cities Focus Areas

Why Exhibit?

- \$7.34 BN has been earmarked for the smart city mission to develop 100 smart cities across the country.
- Engage and present to a network of the world's leading smart cities practitioners and experts by Showcasing your solutions to multiple City Leaders who are looking to buy
- Take advantage of the 250+ government & industry decision makers and the various knowledge sharing platforms throughout the event, to expose your latest products and build your brand awareness.
- Appeal to all city decision makers looking for solutions for their major projects by introducing your latest technologies and services
- Exhibiting to your target audience would be a cost effective method to generate leads

Why Sponsor?

- **Perception:** Improve the way you are perceived by your target audience
- **Engagement:** Increase your community's involvement & improve loyalty
- **Sales:** Target audience turns into loyal customers
- **Reputation:** Build a good reputation around your brand
- **Relationships:** Strengthen customer relationships through face-to-face interaction
- **Visibility:** Increase your visibility
- **Access:** Direct Access to your target market
- **Leads:** Sponsoring an event is a great chance for a brand to get new contacts
- **Recognition:** Make your products more recognizable
- **Partnerships:** Find new partners and meet like-minded professionals

Smart Cities Council India

The Smart Cities Council is a working group representing some of the best and brightest companies selling to cities. Our partners include Cisco, Huawei, ZTE, Intel, GE, Microsoft, Qualcomm, AT&T, and over 40 more leaders in smart city deployments. We work with cities and solution providers to understand and educate, to accelerate movement in the industry.

Session Topics

- Towards a Safer Future - A Technological View
- Ending the Gridlock – Mobility Solutions for the future
- Building Self Sufficient Cities
- From Trash to Treasure – Managing Waste & Water
- Meeting India's Energy Needs
- Smart Cities Awards 2019

**Organisers reserve the right to modify/alter the program topics*
