

Certificate of Completion

I hereby confirm to the best of my knowledge and belief based on inspections that 1500 sq. metres at Santhome has been redesigned and developed as 'Model Sensory Park', a Smart City project in Zone IX at 4th Link Trust Road, Santhome.

Contract Information:-

M/s Vivek Constructions
No. 44, Sathiyavani Muthu Nagar,
Pallavan Salai, Chennai- 600002

Project Name:-

Establishing Model Sensory Park

Project Description:-

The sensory parks built by the Chennai Smart City project have specially designed infrastructure to cater to the special needs of the differently-abled children of the city. The infrastructure is so designed to stimulate different sensory organs of the participants, giving them the one of its kind experience. Some of the infrastructural facilities of the park are:

- Tactile feedback platforms which respond to touch
- Specially designed herb garden having plants with unique fragrances
- Light and sound show
- Braille signboards on all exhibits
- Inclusive play equipment
- Recreational area to conduct games & sessions to develop motor skills

Completion Date: 30.11.2018

Project Cost: INR 1.37 Crores (One Crore and Thirty Seven Lakhs only)
